Ken Worthington (in association with
Go Faster Stripe) **is extremely proud**
(well.. I'm not ashamed, anyway)
to present this live DVD, showcasing the
work of my client (and next door neighbour),
Mr John Shuttleworth.

Recorded on 19th February, 2009 at the
magnificent Theatre Royal in Wakefield,
(though one of the seats had a few scuff marks, I'm
afraid to say), **the DVD captures John at the height**
of his performing powers, and then releases him
out of your telly and into your living room.

Extra features include appearances by a concreter
from Goole called Dave Tordoff and,
(for contractual reasons related to the loan of a
microphone stand), **a rock musicologist**
from Selly Oak called Brian Appleton.

Oo, I do hope you like it. Tata for now, Ken
