

We are delighted to present another DVD debut - this time for the remarkable comedian and all round splendid chap Craig Campbell. If you know your comedy, then you will love this.

And let's face it - you are pondering the purchase of a Go Faster Stripe DVD, so you do know your comedy. Well done you.

Now - where was I? Ah yes - Craig Campbell.

We have caught him in action in his favourite room in London - Up The Creek. Watch him explain the best course of action when being rescued by a helicopter staffed by a hostile Frenchman, or how occasionally you are left with no other option than to kick a badger to death.

Craig is a **"comedian's comedian"**.

That's hardly the most profound statement, but I have proof. During the filming, a couple of comedians turned up just to watch.

And as a special treat for everyone at the show we coaxed one of them into introducing Craig - and as a special treat for you we've included the introduction as an extra on this DVD.

it would be Craig Campbell"**
