

It's an object of shame and pride; it can inspire laughter and fear; it's a symbol of power, yet it's incredibly fragile and weak; it can be a pound of flesh or an ounce of wrinkles, it can be used to express both love and hate; it creates life, it can condemn us to death... and it can do wees as well.

Extras on this include the long awaited *Me1 vs Me2* snooker rematch, two audio versions of Talking Cock from its first outing in 2003, several literal interpretations of where men have put their cocks in the name of pleasure and much more.

Kate Copstick, Scotsman
